1. Fundamental Ideas

Money Fundamentals

Economists' financial worldview

Two ideas of parenthood

Psychopaths (no conscience)

Money Fundamentals

Every purchase has a buyer & a seller.

One receives money (wins)

One gives money (loses)

*=Life is full of winners & losers,
=Less for you means more for me.*

Money Fundamentals

The more money you give away,
the less you have.

=The more you give, the less you have.

Money Fundamentals

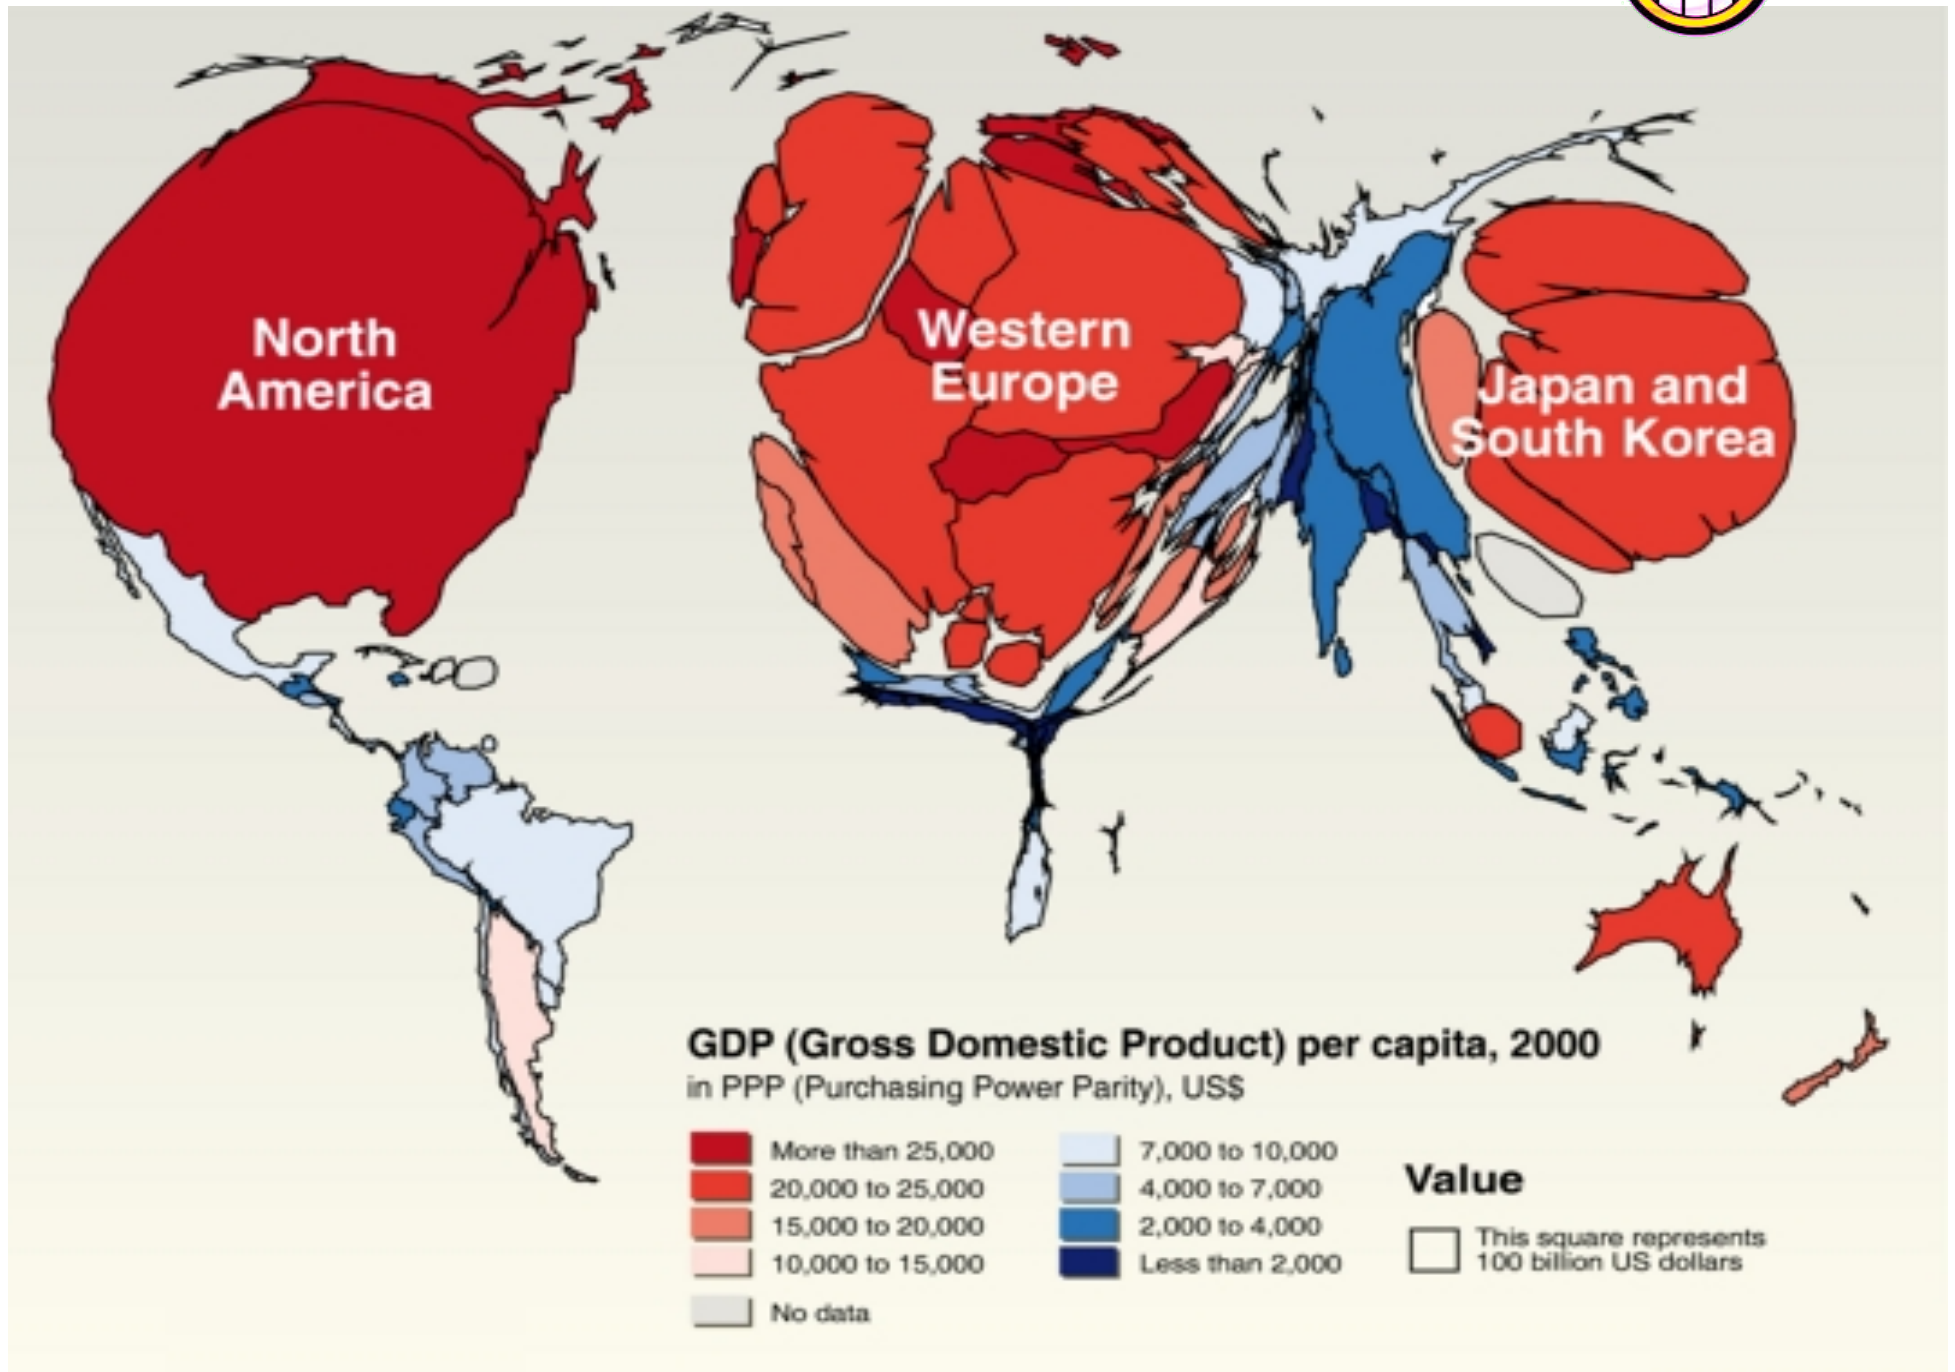

People are not allowed to create money.

Money comes from satisfied employers.

*=Bosses must be kept happy.
Amateurs are powerless.*

Worldview of Economics

Strict Father

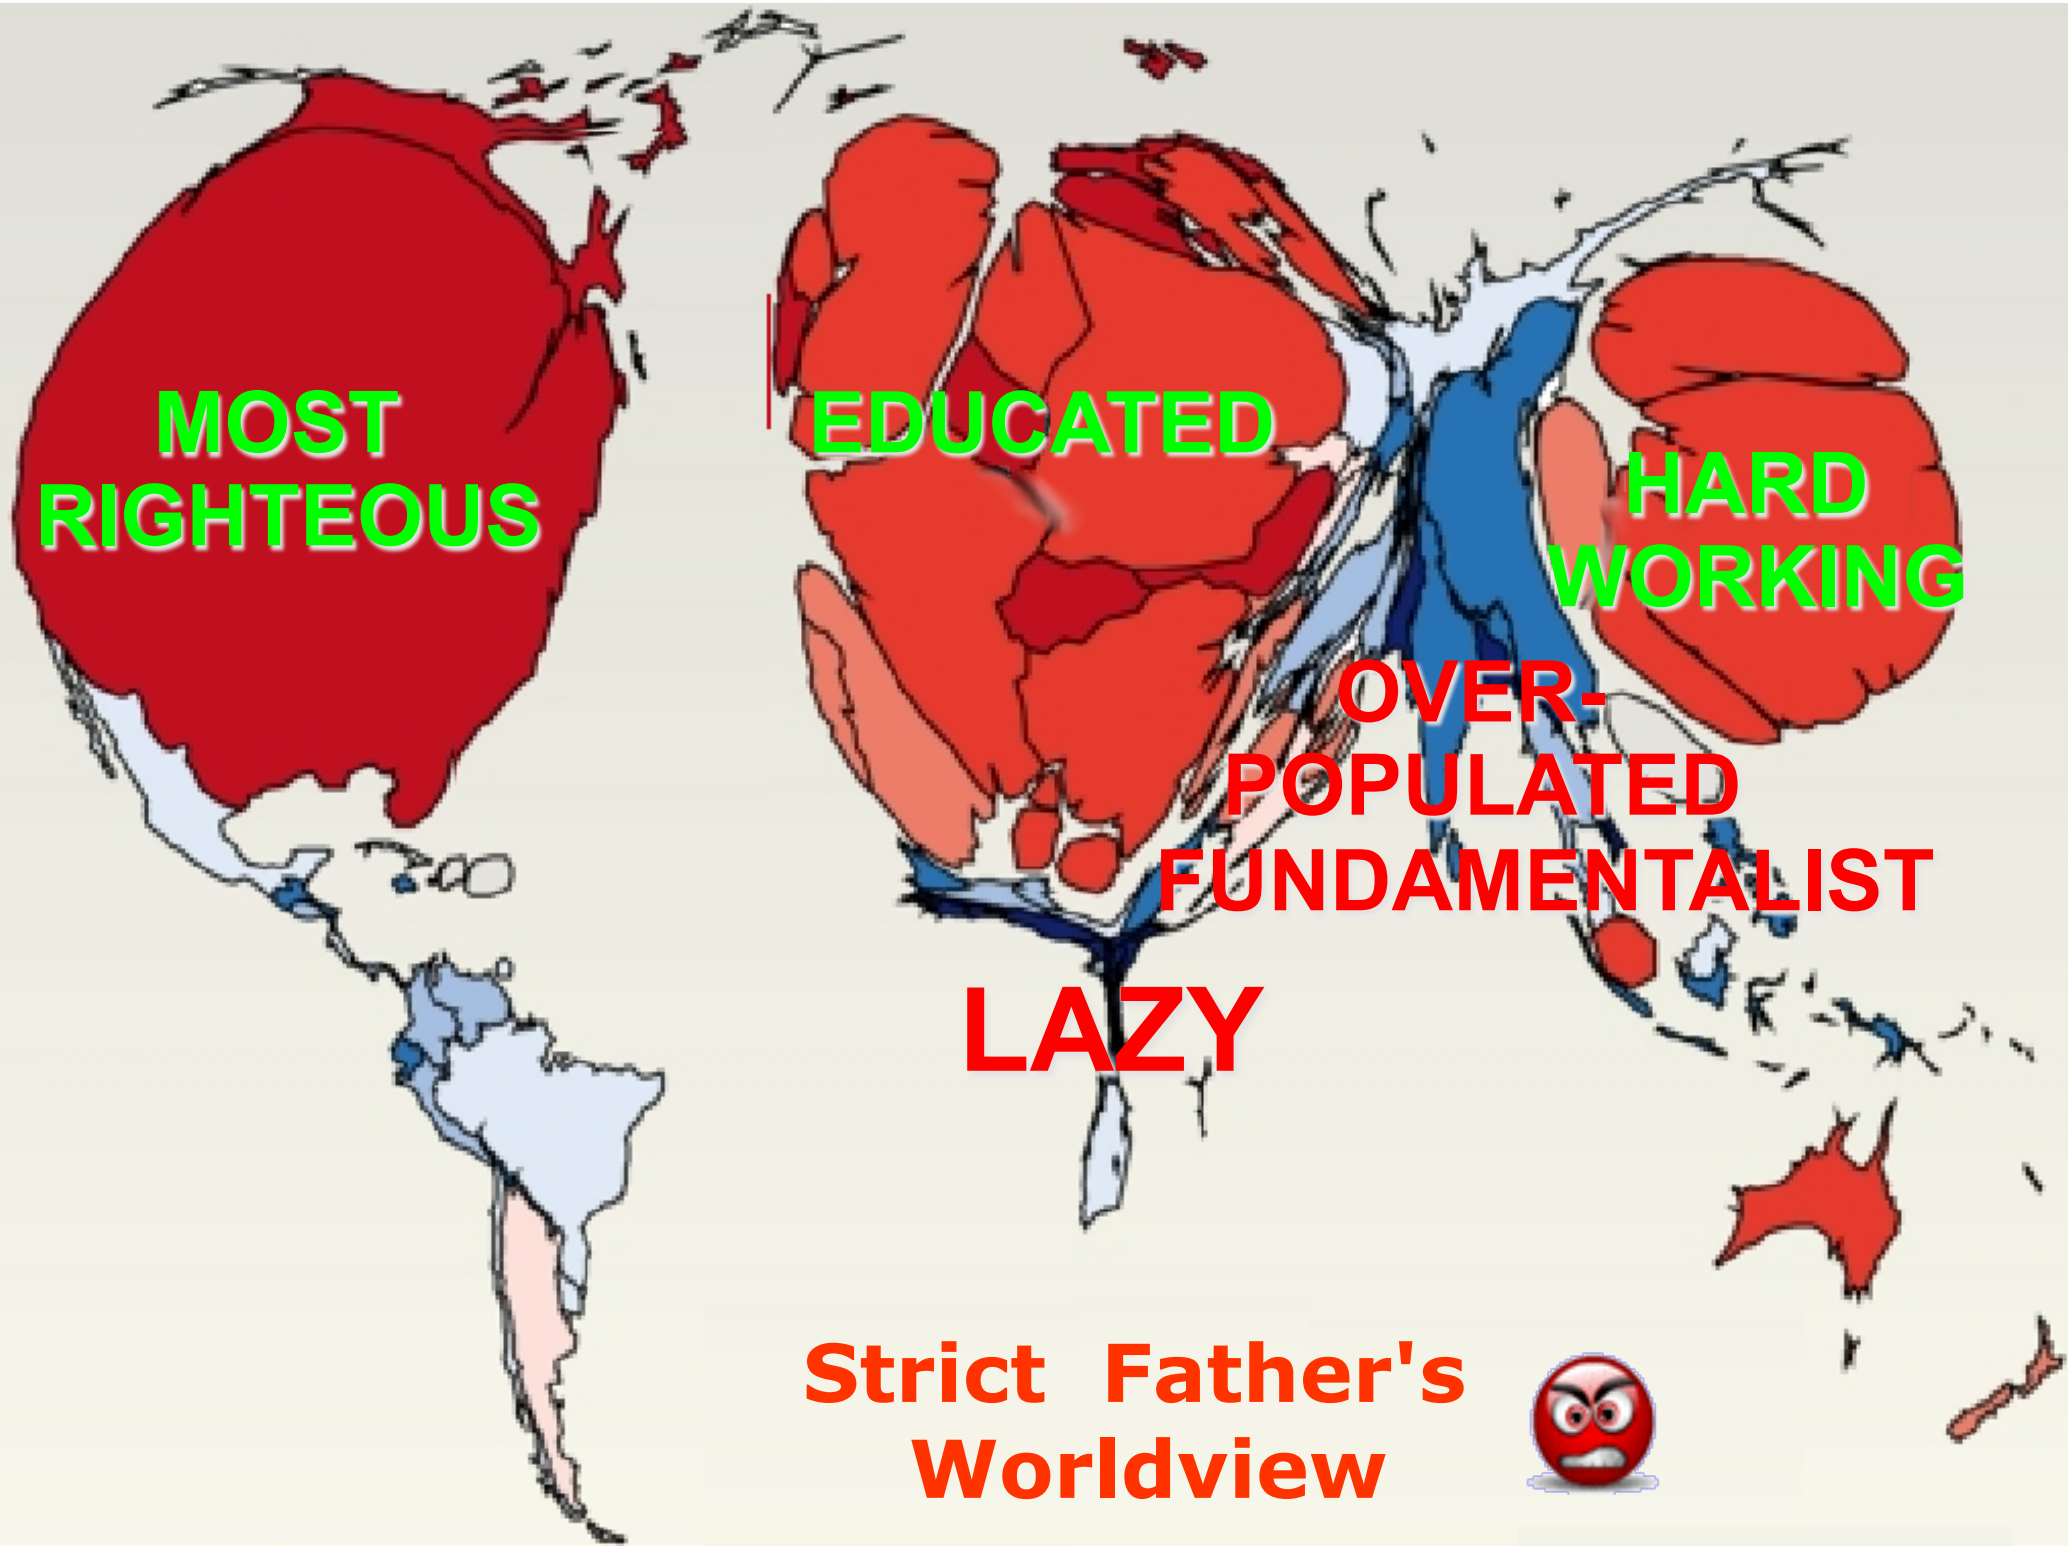

“...survival of (only) the fittest...”

Father must be tough to survive.

Kids need punishment to learn right
from wrong.

There will always be winners & losers.
Disciplined people prosper in the market.

**MOST
RIGHTEOUS**

EDUCATED

**HARD
WORKING**

**OVER-
POPULATED
FUNDAMENTALIST**

LAZY

**Strict Father's
Worldview**

Nurturing Parent

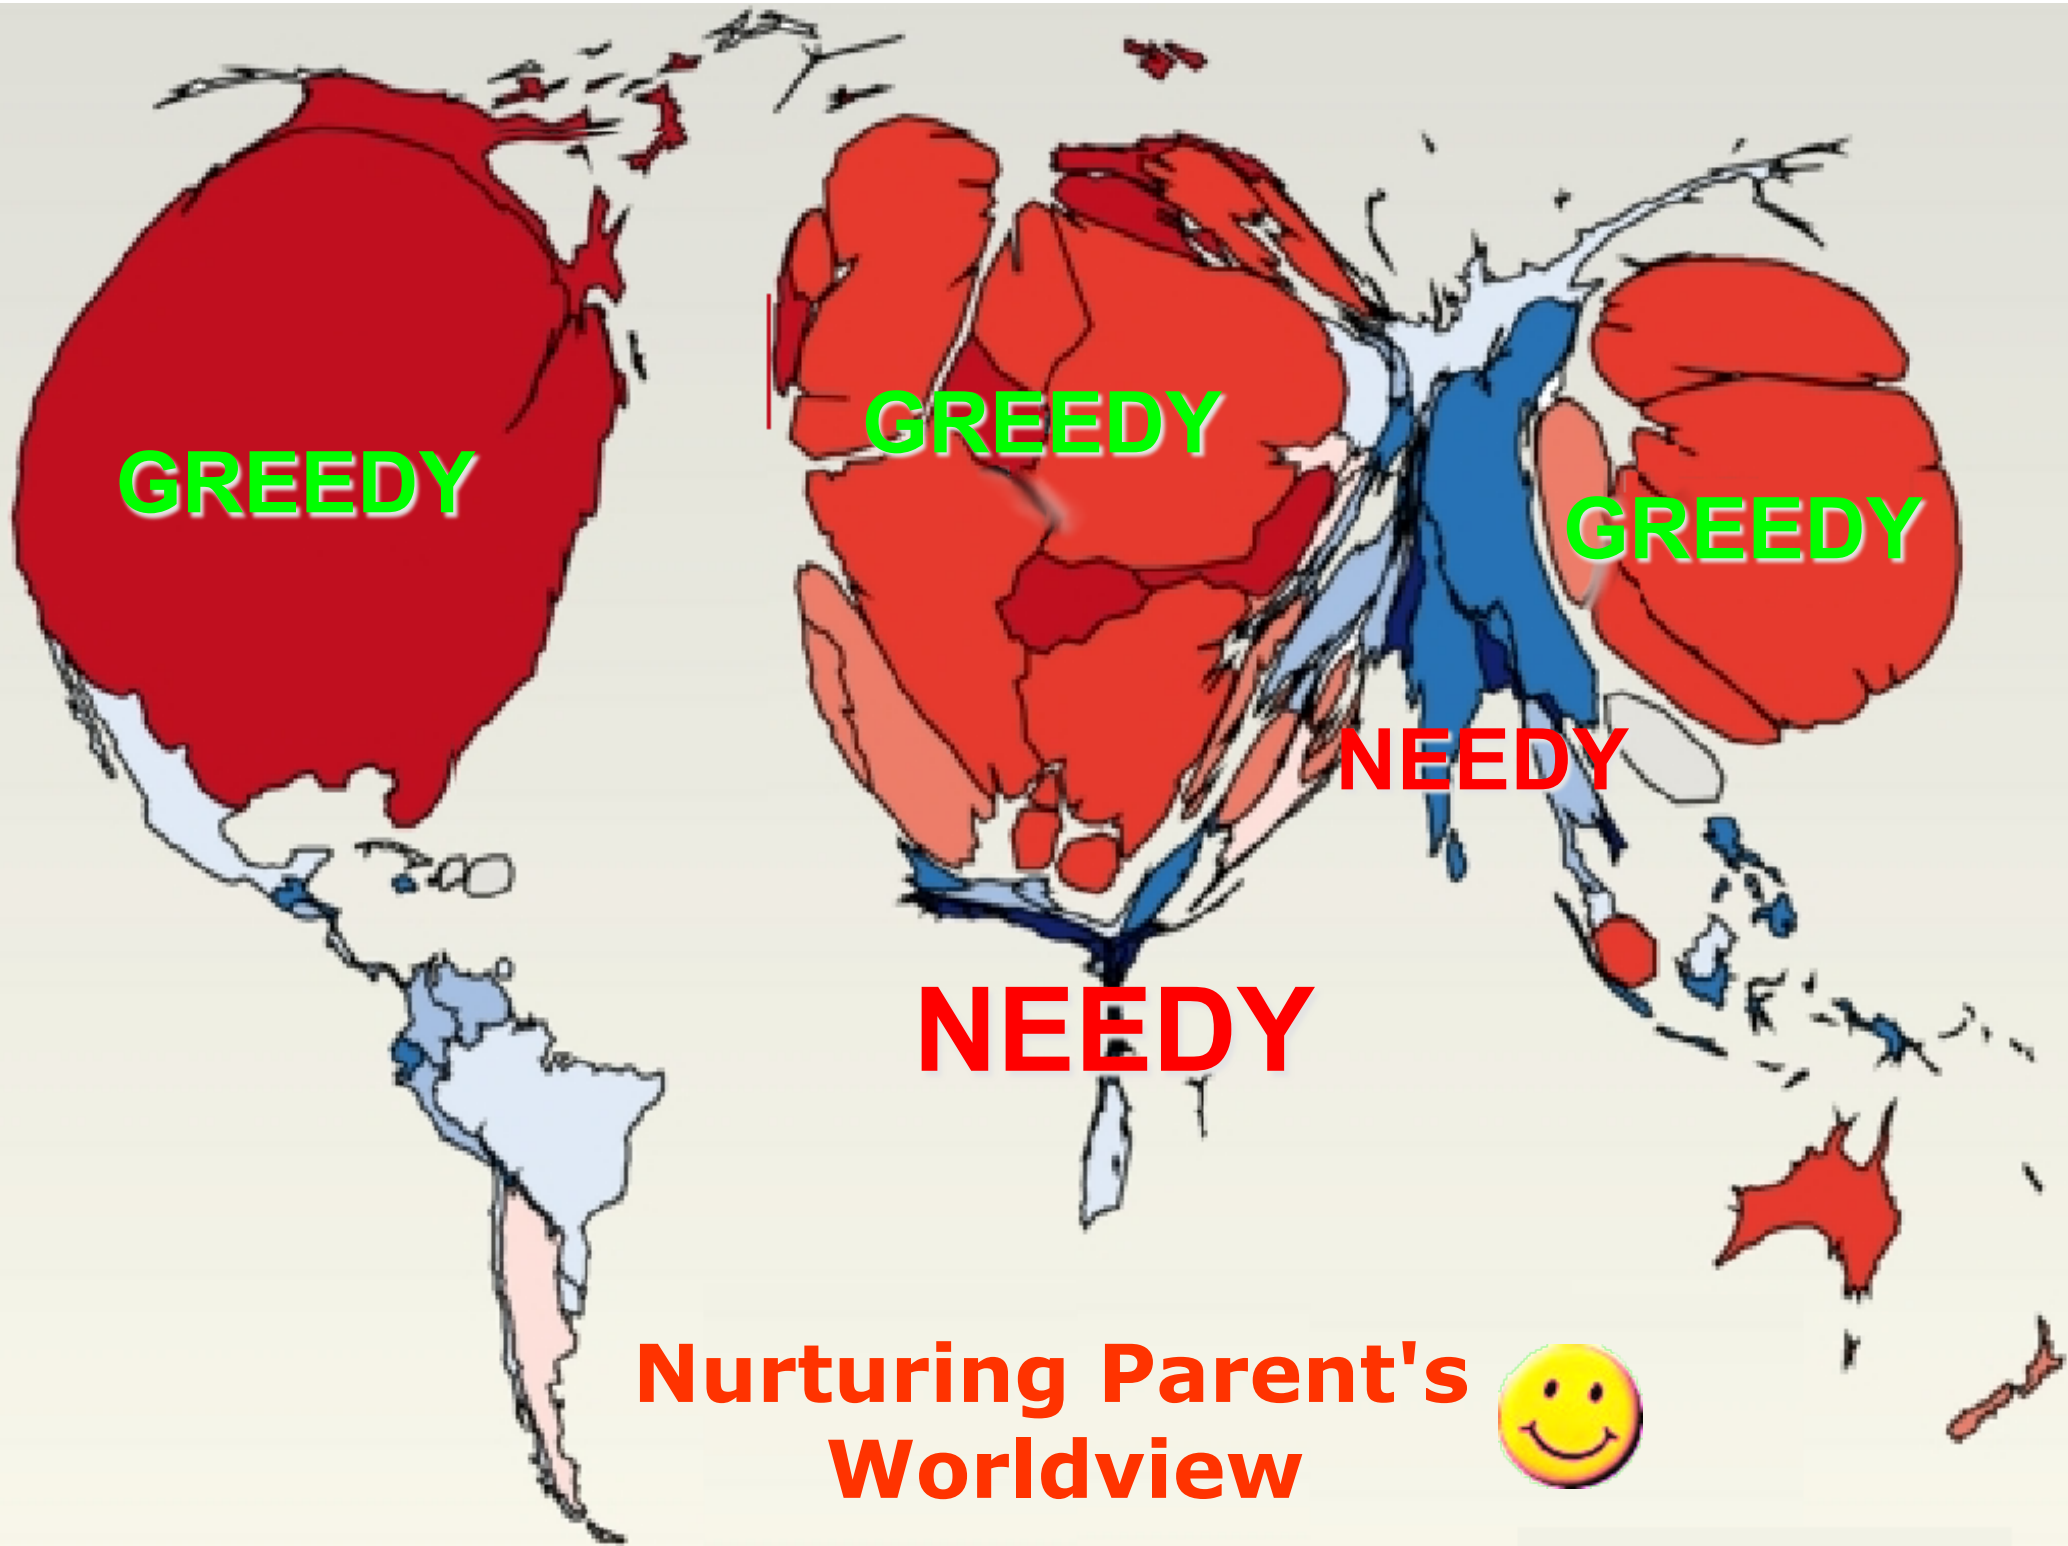

“...what goes around comes around...”

Parents must protect their kids.

Kids should be taught
responsibility & empathy.

Society should provide for all its
members according to their needs.

Psychopathy

~1% of people born with this Mental Deficiency, causing:

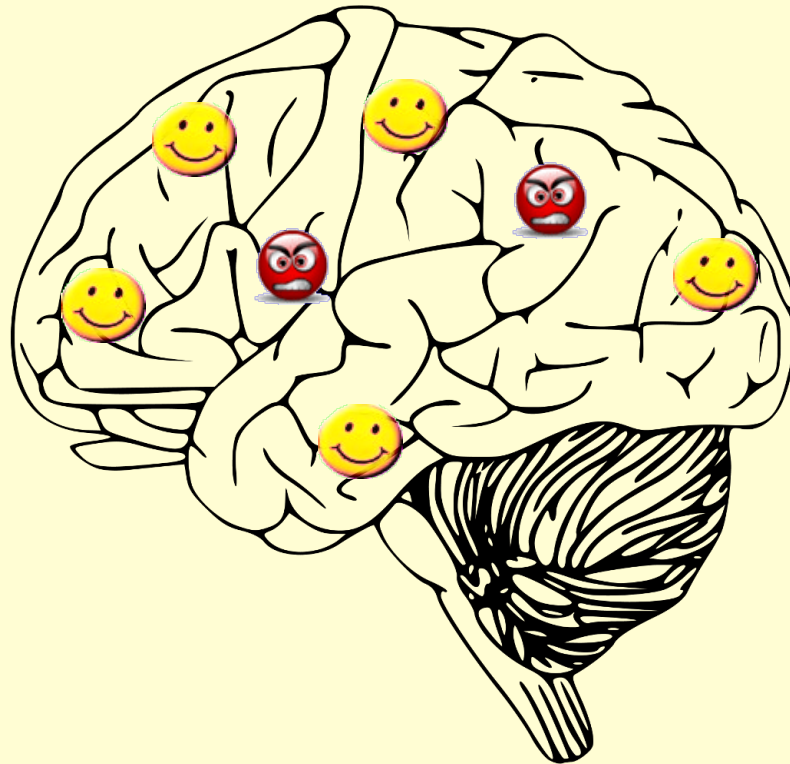

- *Guiltlessness*
- *Selfishness*
- *Lying*
- *Parasitic lifestyle*
- *Ruthlessly seeking Power over others*

Money facilitates & excuses a life of parasitism.

2. Personal Corruption

People naturally have a range of motives:

Money encourages selfishness & psychosis☹

Corruption of Thinking

Focusing on money...

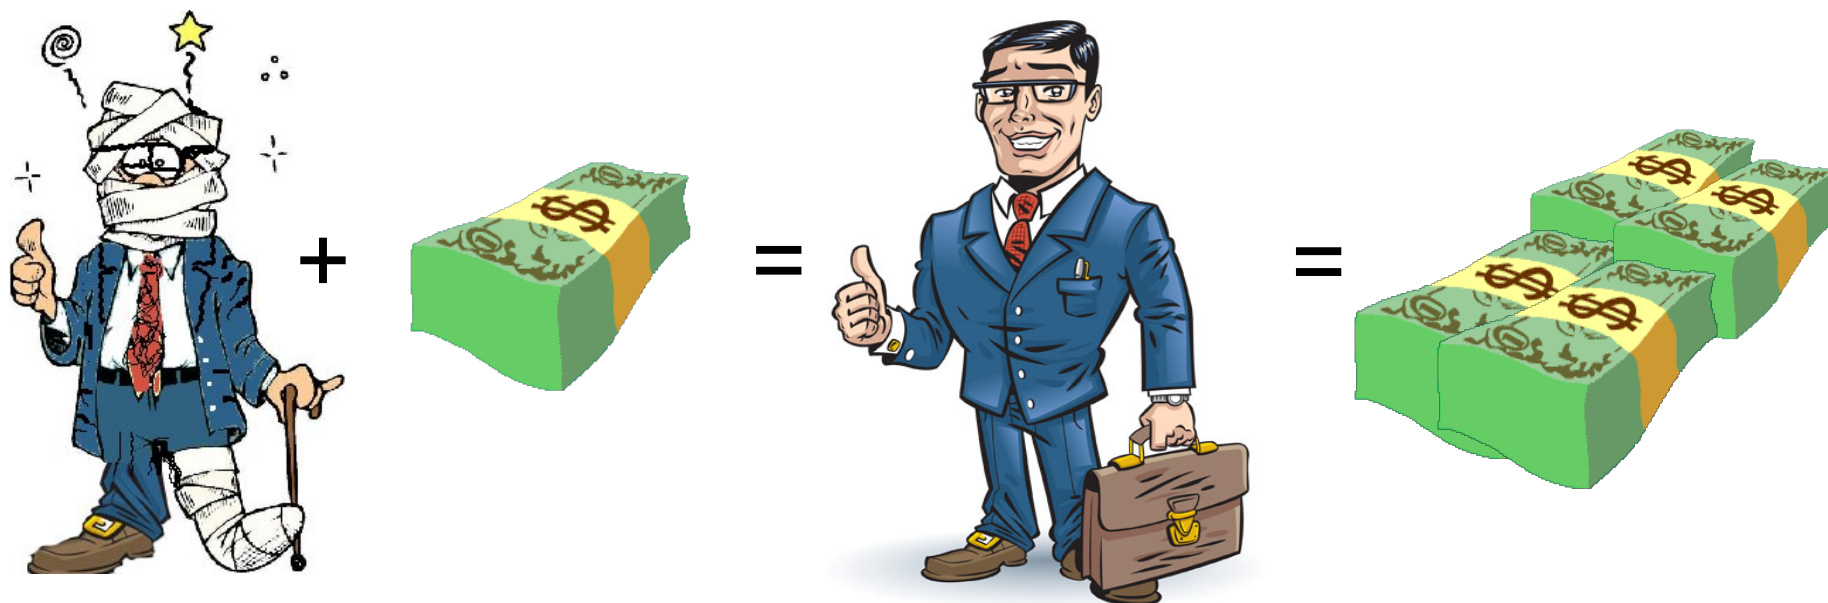

... blinds people to other value systems.

Corruption of Thinking

“...(Financial) Compensation...”

“How much is he worth?”

= Anything can be expressed in money terms.

Money “Crowds Out” Other Motives

Why did offering money as
a reward *decrease* the
number of willing donors?...

...when money is involved,
people are more selfish.

Money is almost everywhere in the modern world!

Money motivation reduces altruism.

***“No servant can
serve two masters...
You cannot serve
both God & Money.”***

Matthew 6:24

2009 Money/Pain Experiment

Two groups of people rated the pain of hot water:

A) After counting bank notes

B) After counting pieces of paper

Group (A) felt less pain!

Money acts as a Pain Killer

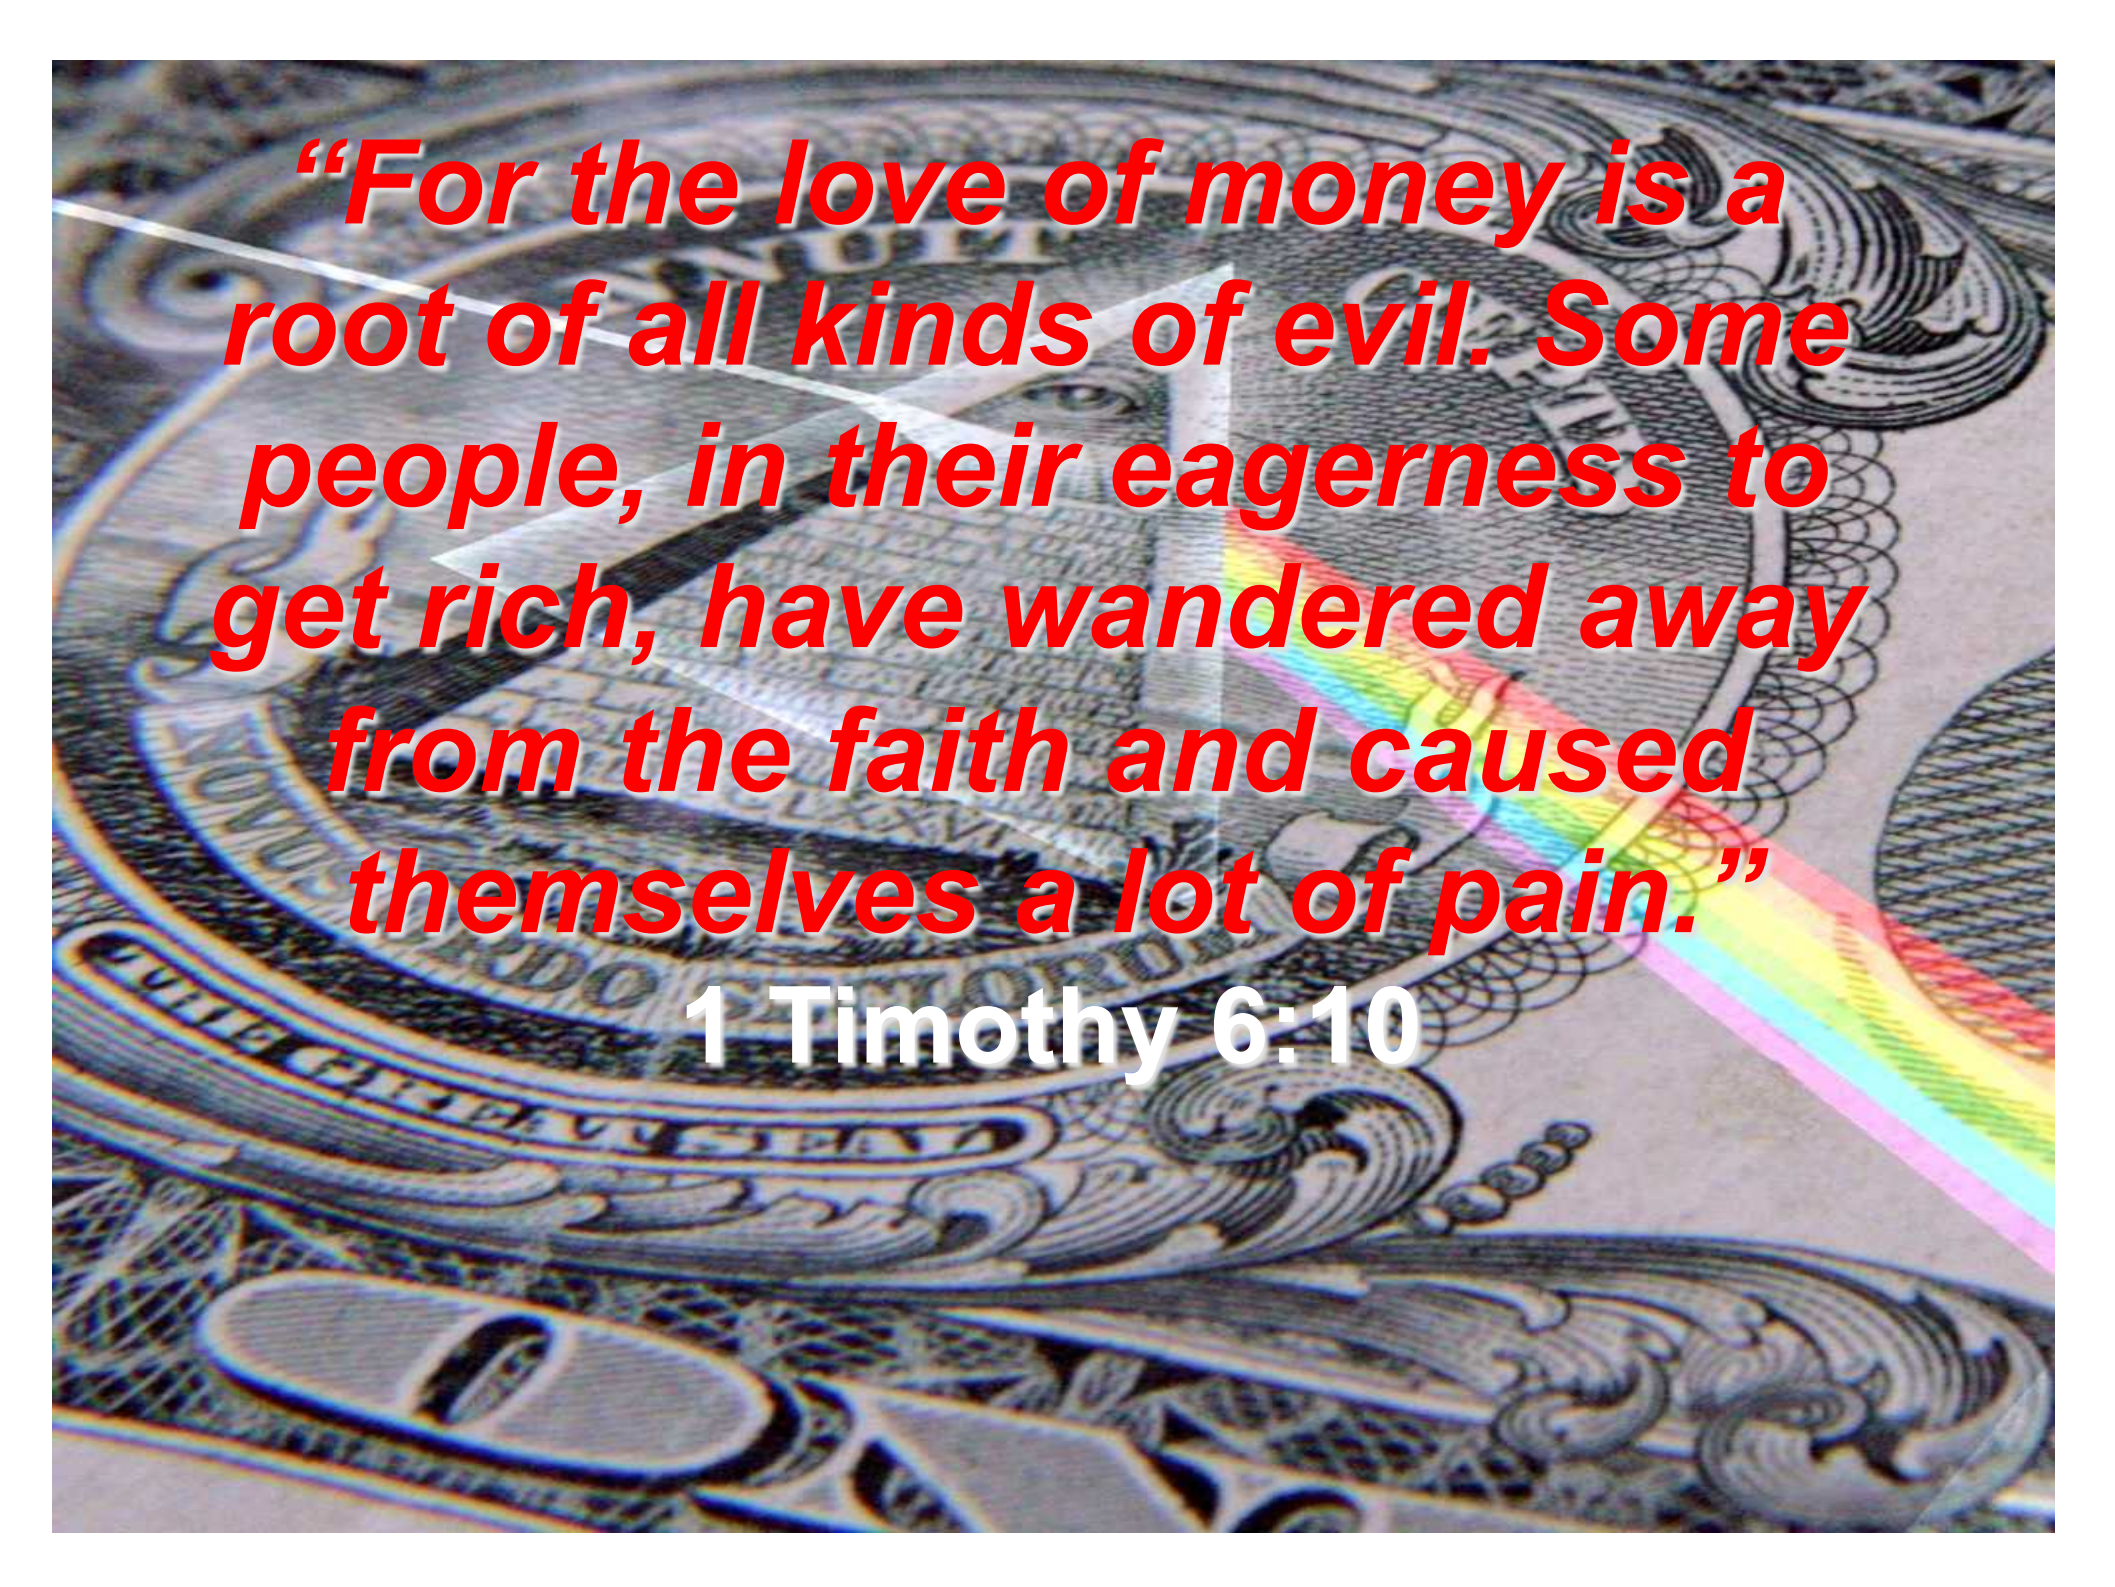

Why did touching money
reduce people's pain?

Even thinking about money makes
most people feel independent,
selfish & valued.

Money reduces people's desire for friendship!

Money substitutes for social connections.

The background of the image is a close-up, slightly blurred view of several US dollar bills. A prominent rainbow-colored beam of light, resembling a laser or a beam of hope, originates from the right side and extends diagonally across the image, passing behind the text. The text is written in a bold, red, italicized font with a white outline, making it stand out against the complex patterns of the currency.

“For the love of money is a root of all kinds of evil. Some people, in their eagerness to get rich, have wandered away from the faith and caused themselves a lot of pain.”

1 Timothy 6:10

Money Affects The Language

Modern languages are full of revealing money metaphors.

“Don't *bank* on it.”
(= Don't *rely* it.)

“I don't *buy* it.”
(= I don't *believe* it.)

“I am *broke*.”
(= I don't have money.)

“The *cost of living*.”
(= Life itself costs money.)

Fairness of Money

“You get what you pay for.”

= Money is a measure of quality.

→ Corruption of The Body

“Every man has his price”

= People, like things, can be 'bought'.

Impossibility of Change

“Time is money.”

= Money is God-given.

Toughness Of Life

“There's no such thing as a free lunch”

= Life is not possible without money.

Money relies on the Logic of Selfishness

Life is about money,
which is a way to get what *you* want...

=Life is about getting what you want!

Need for Alienated Work

“He who pays the piper calls the tune.”

= The virtuous rich should control the indisciplined poor.

Glorification of Hoarding

“...*making* money...”

= *Accumulation is comparable to Production*

→ Loss of Meaning

Depression is the most common disability worldwide* & still rising...

WHAT TO DO?

Avoid judgments based on money, idolising of it & incitement to do so:

Conspicuous Consumption, Lottery Adverts, Mass Media, Gameshows

3. Social Corruption

It takes all sorts to make a world:

Money increases influence of the selfish & psychotic ☹

Corruption of Thinking

Organisations that focus on money...

...lose their own value systems.

Worship of Market Forces

*“I am not in the business of making cars.
I am in the business of making profit.”*

Henry Ford

A photograph showing a Ford Pinto car involved in a severe rear-end collision. The car is on its side, completely surrounded by a massive, intense fire and explosion. The scene is chaotic, with bright orange and yellow flames dominating the background and the car itself. The image is used to illustrate the dangers of rear collisions for the Ford Pinto model.

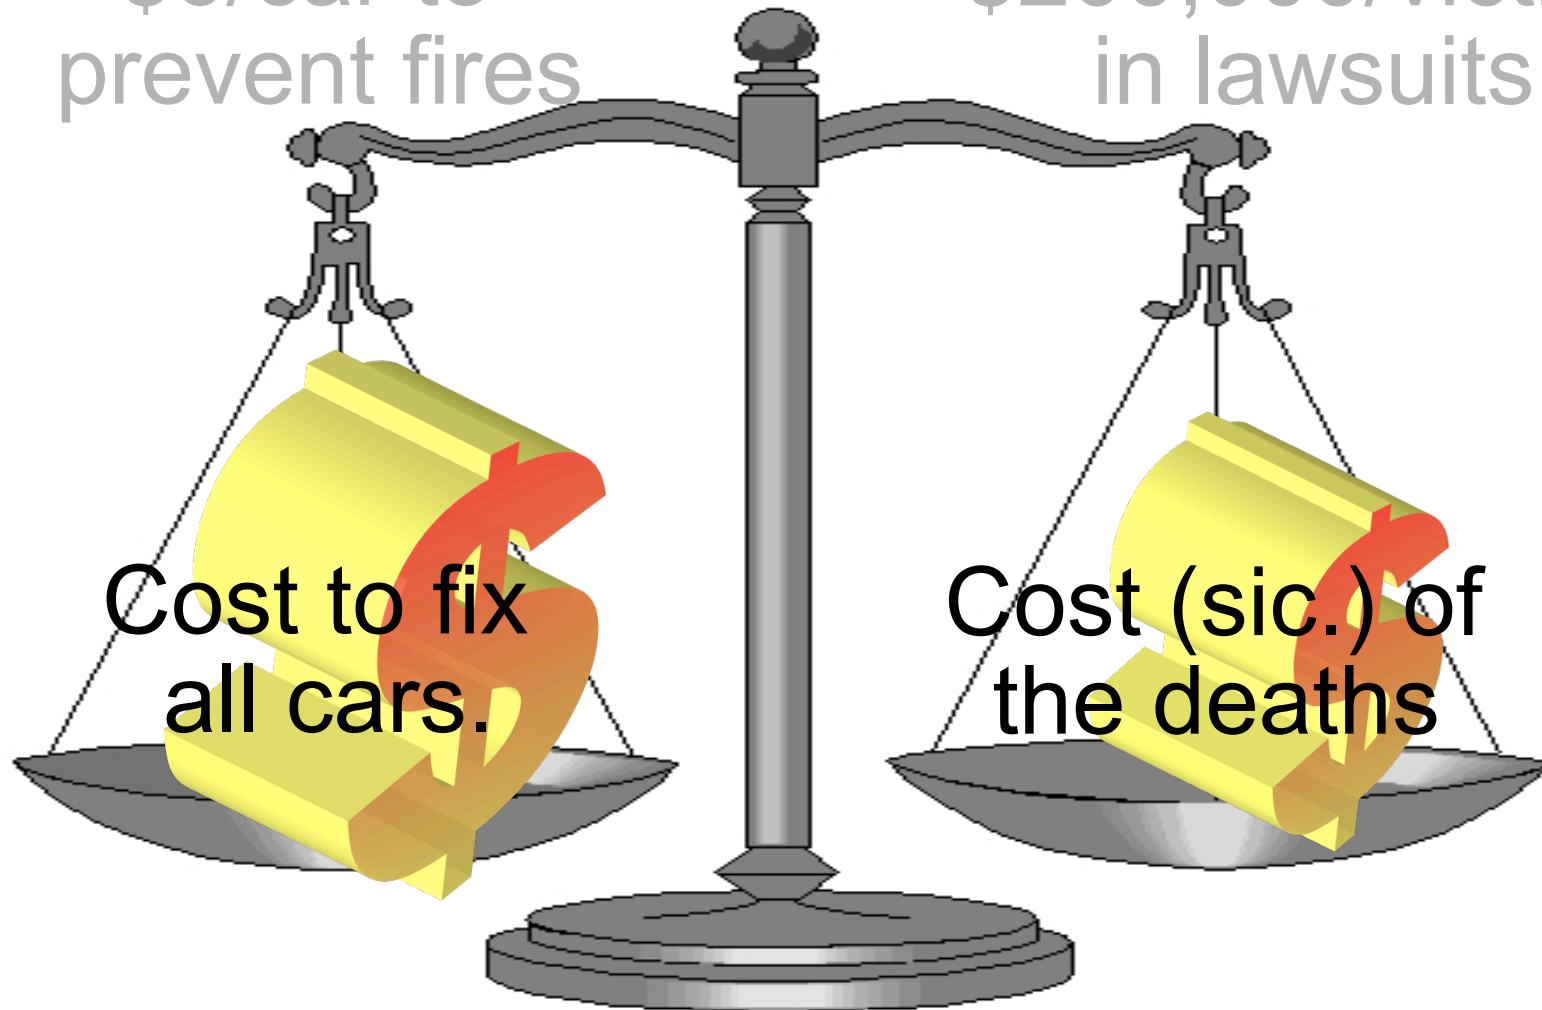

Rear collisions of
>30mph with a Ford Pinto
exploded the gas tank &
jammed the doors,
trapping the passengers.

Ford knew this *but released the car anyway...*

Cost Benefit Analysis

\$6/car to
prevent fires

\$200,000/victim
in lawsuits

→ *More cost effective to make defective cars...*

Corruption of Law

Ford was charged with reckless homicide...

...but acquitted on the basis that it could not be convicted for doing what it was designed to do — making a profit.

***“It is hard for a rich man
to enter the kingdom of heaven.”***

Matthew 19:23

→ Loss of Meaning

From the 13th Century,
Popes were selling '*indulgences*'...

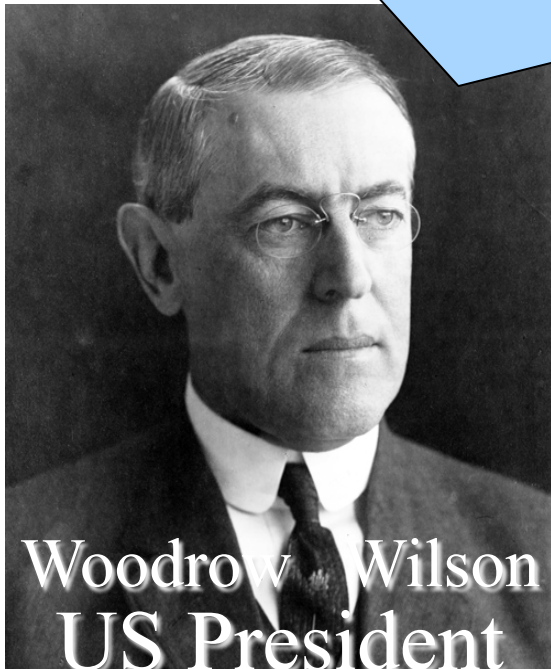

INDVLGENTIA · PLENARIA · PERPETVA
QVOTIDIANA · TOTIES · QVOTIES
PRO · VIVIS · ET · DEFVNCTIS

=Entry into Heaven, for a Price.

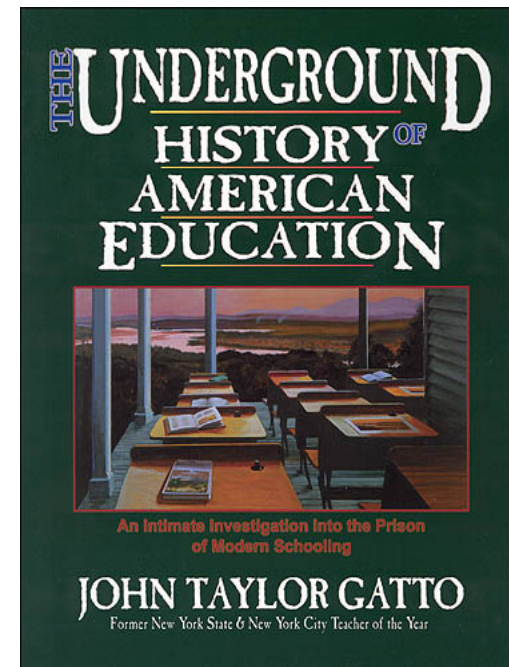

→ “Dumbing Down” of The Populace

“We want one class to have a liberal education. We want another class, a very much larger class of necessity, to forgo the privilege of a liberal education and fit themselves to perform specific difficult manual tasks.”

=Training to work for money, not love

→ “Astroturfing” = Fake Grassroots Organisations

“[We are] a nationwide grassroots organization comprised of property owners, farmers, ranchers, miners, foresters, builders/developers, sportsmen, recreationists, business owners & ordinary citizens.”

In truth: Timber Industry's
Effort to oppose environmental
protection laws.

"[t]his corporation was incorporated in the state of Delaware. Names of the contributors under Delaware state law cannot be revealed to any other party."

→ Corruption of Public Discourse

Invented the term “Litter Lout”

US Manufacturers' effort to promote disposable containers by blaming consumers for waste.

DO SOMETHING BEAUTIFUL.

→ Privatisation of The Commons

Market Logic applied to ever more of life...

...Roads, Railways, Water, Prisons, Voting,
even Bioweapons Research!

→ Breakdown of Law & Order

US has more mercenaries than regular soldiers in Iraq.

For some years they were beyond any law.

WHAT TO DO?

Avoid Money as far as Possible:

Work with Volunteers,
Avoid Bureaucracy,
Taxes, Regulations

4. Global Corruption

*The most heavily armed/funded organisations
are the most psychopathic.*

Most national governments are almost irrelevant.

Corruption of Thinking

World Bank still
*defines poverty in
terms of income*

*= Monetising
life reduces
poverty.*

Corruption of Language

“...Poor Countries...”

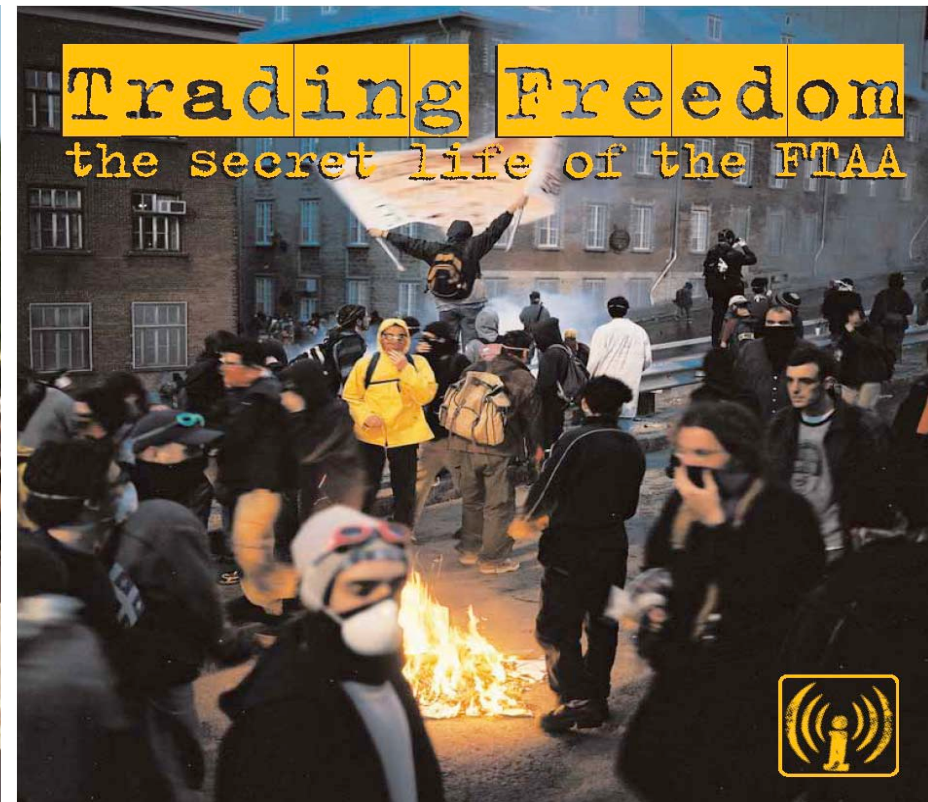

= *Their main difference from 'rich countries' is a lack of money.*

Corruption of Language

“...Free Trade Agreements...”

= People agree to these trade rules.

Corruption of Language

“Economically *Underdeveloped* Countries”

= *Economic Development is Needed*

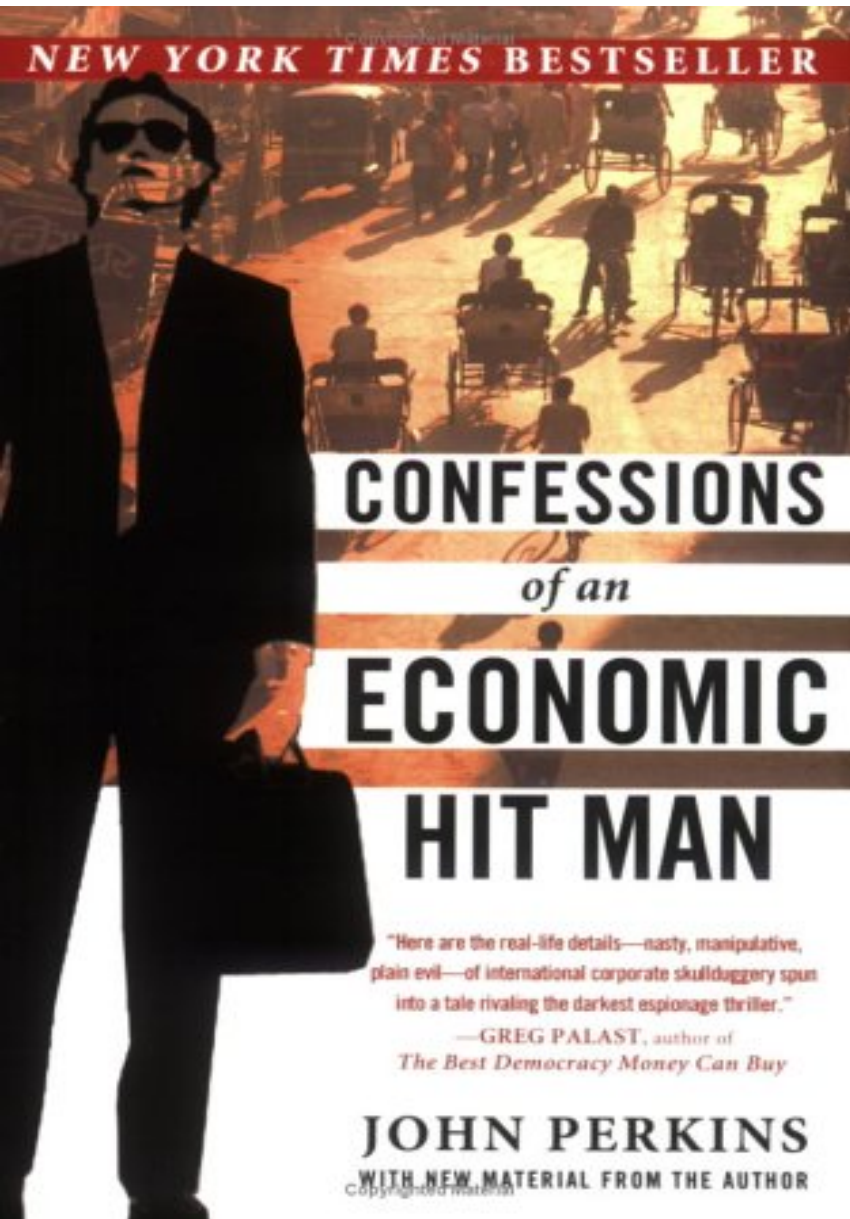

World Bank - Public Mission

“The World Bank is a vital source of financial and technical assistance to developing countries around the world. Our mission is to fight poverty with passion & professionalism.”

Creation of The Debt "Crisis"

The World Bank's
Economic Hit Men lured
"underdeveloped nations"
into unpayable Debt...

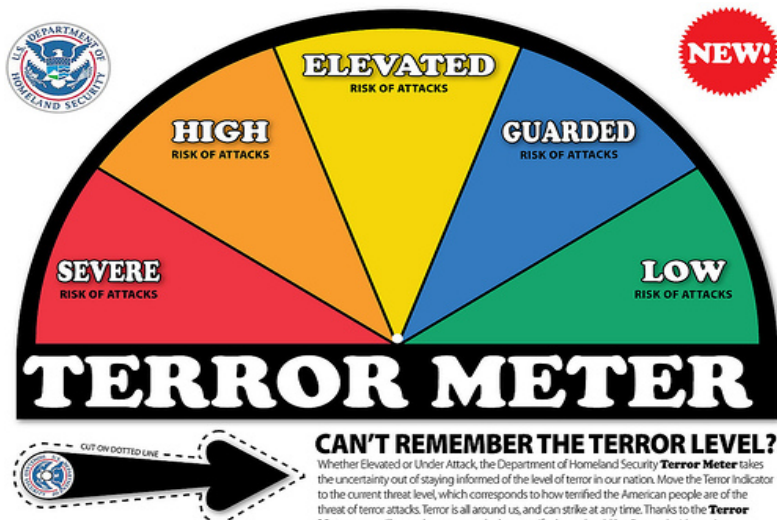

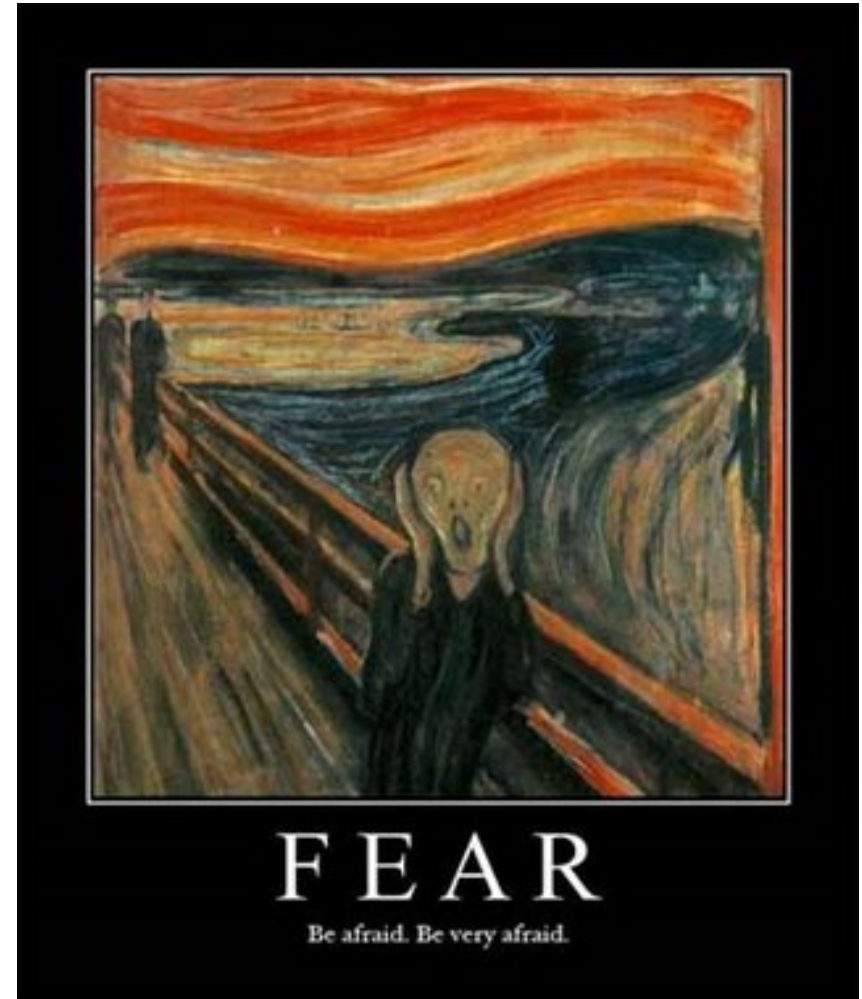

...to gain control over their
economies and resources.

"War on Terror"

=A phantom enemy to control citizens & boost profits for arms dealers.

= *Pay more taxes to the govt to protect you.*

Recent “False Flag” Terrorism

National security services stage a domestic attack to start a foreign war.

Apartment Bombings (1999, Russia)

WHAT TO DO?

Seek those who
work for love,
not money.

Any individuals or
organisations in
the money world
are liable to its
corruption...

5. The Collapse of Money

Money is a pyramid scheme that is consuming the earth.

Psychopathic Decision Makers → BAD Choices

<http://www.worldhunger.org/articles/Learn/world%20hunger%20facts%202002.htm>

A record
> 1,000,000,000
hungry people
in 2009.

Earth's being
destroyed faster
than ever.

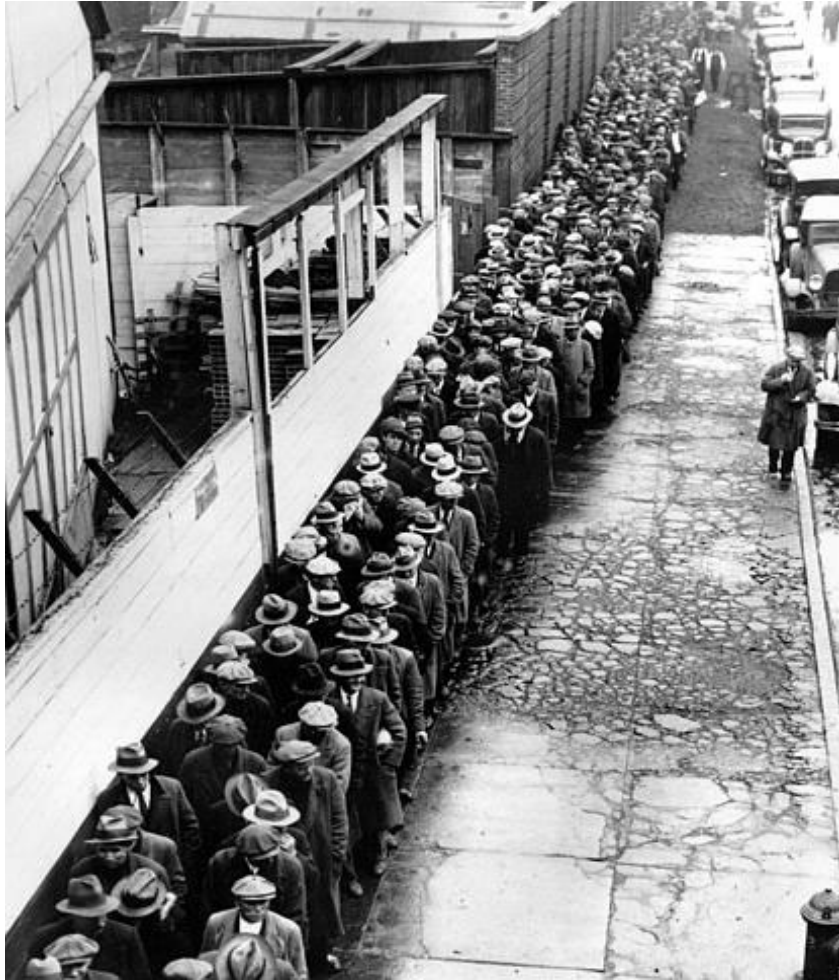

Psychopathic Decision Makers + Psychotic Decision Making Process → REALLY BAD Choices

Innumerable crises are converging ...

Metals, Coal, Natural Gas, Ozone, Soil,
Polar Ice, Fresh Water, Biodiversity,
Biomass, Sea Level, Climate,
Diseases, Pollution ...

Financial “Crisis” foreshadows Collapse of Money

Markets are realising
that they can't
generate a return...

...because ownership
is so concentrated
already, &
there's not much
left to plunder.

Exponential growth cannot
last for ever on a finite planet!

What Next...?

As its poison becomes ever clearer,
people are awaking from money psychosis,
& building cooperative alternatives.

Global Collaboration?

“They will beat their swords into plowshares &
their spears into pruning hooks.

Nation will not take up sword against nation,
nor will they train for war anymore.”

Isaiah 2:4 & Micah 4:3

FREEING YOURSELF of MONEY PSYCHOSIS

- ✓ Don't expect fiat money to exist after 2020
- ✓ Understand its Ponzi scheme nature
- ✓ Switch to alternative, bottom-up systems

Nurture Life, Love & Community

Reach out to your
neighbours.

Organise together
to grow food.

Avoid money &
those who
worship it.

Where is Real Security...?

**“Do not store up
for yourselves
treasures on earth...”**

Money-mindedness increases
Selfishness, Independence,
Competition

**...but store up for
yourselves
treasures in
heaven.”**

Focusing on **Relationships**
increases Altruism, Sharing,
Cooperation
