January 4, 2023

Dear Community and Elected Officials:

We are pleased to share that the Office of Technology and Innovation (OTI) and our franchisee, CityBridge, are continuing the deployment of LinkNYC kiosks throughout New York City. As you know, Links are invaluable tools that provide free high-speed Wi-Fi, free nationwide calling, free charging ports for mobile devices, and 911 and 311 access to millions of people each year. We are proposing new sites throughout the five boroughs. These new proposed locations are a critical component of the City's efforts to equitably expand Wi-Fi access across the City, and will be built in the Link5G design to accommodate 5G technology.

Below are new sites proposed for Queens Community Board 12. Because we want to bring Links to your area within a short timeframe, we ask that you provide any comments on this site as soon as possible and by **March 5, 2023**. If we do not receive feedback within 60 days, CityBridge will proceed with installation. Although the attached sites have thus far met all of our siting criteria, it is possible that some of them will not be built, even if approved, due to technical factors.

Please see the locations of the sites below and on Open Data:

LinkNYC New Site Permit Applications (Data): <https://data.cityofnewyork.us/Social-Services/LinkNYC-New-Site-Permit-Applications/xp25-gxux>

Office of Technology & Innovation

LinkNYC New Site Permit Applications (Map): <https://data.cityofnewyork.us/Social-Services/LinkNYC-New-Site-Permit-Applications-Map/tdt4-7qzu>

If you have any questions or comments, please feel free to reach out to me. We look forward to working with you to make this new free service available to all New Yorkers.
